NEW HOME MAN WINS
BRIDE FROM RICHFIELD

Last Wednesday at high noon at the home of Mr. and Mrs. Louis Wolfert in the town of Richfield, the marriage of Ervin Holtz of the town of Home, Rev. Walter of White Creek pronouncing them man and wife.

The bride wore a gown of white silk crepe de chine and carried a beautiful bouquet of pink and white carnations while the groom wore a suit of dark blue serge. They were attended by Miss Flore Wolfert, sister of the bride and Leslie Holtz, brother of the groom.

Directly after the ceremony a wedding dinner was served to the immediate relatives of the contracting parties. In the evening a large number of friends gathered at the home and brought their cow bells and tin pans which served to serenade the young couple. The evening was spent in dancing and playing games and all went to their homes wishing the newly weds much joy and happiness.

Mr. and Mrs. Holtz left for their farm home in East Kenton, Ohio, the next day which the groom had made in readiness for his bride. We wish them a long life of happiness and prosperity.

PAPER MILL MEN MET
AND ORGANIZED SUNDAY

About ninety representatives from the Consolidated Paper Company's mills in this city and from the Nekoosa Edwards mills, gathered at the Eagles Hall Sunday afternoon and organized temporarily what will later be a permanent union for the paper mill men of this community. Temporary officers were elected and George Snyder of Appleton, who is associated with one of the branch organizations of the American Federation of Labor was present to help things along. Mr. Snyder addressed the men telling them of the advantages of organizing in this city and it was decided that a local organization would be a benefit to the paper makers. Later the present organization will be perfected and a permanent organization formed from it.

LOVEJOY PROMISES TO
CALL ON CLIFF SOON

While in Milwaukee last week where he went after Bertha Dobes, Sheriff Cliff Bluet had a few minutes and dropped around to the Milwaukee county jail and looked up his old friend Frank Lovejoy.

"Well, I'll be up and see you soon, Cliff," Frank confided to the local Sheriff before his departure, which would indicate that Lovejoy does not intend to be kept at Milwaukee for any length of time. While there Mr. Bluet got back his fur overcoat, sweater and cap which Lovejoy had taken with him upon his departure from this city.

Due to the fact that it was meat time and Mr. Bluet had but a few minutes in the city Cliff didn't have much of a chance to talk to Lovejoy but it may be that Frank will be up this way as he promises when he can enjoy a little longer visit with the local boys.

UNITED CAMP FIRE GIRLS
TO HAVE GOOD SPEAKER

Camp Fire Guardians of the Camp Fire Girls of Nekoosa, Port Edwards and Grand Rapids have united and thru their efforts have secured Mrs. Gilbert Smith, prominent speaker on Camp Fire work of Madison, who will be up here Saturday and talk to the young ladies. Saturday afternoon the Camp Fire Girls of the three sections and the afternoon will be taken up with a Grand Council, over which Mr. Smith will preside and the principal speaker. The Council will be held at the high school at Nekoosa and the attendance will be limited to the members of the organization. In order that the mothers and others interested in this work may have an opportunity to hear this speaker it has been decided to hold an evening session in the same building when the public at large will be permitted to attend. Mrs. Smith has been directly associated with the Camp Fire work in several states and is thoroughly conversant to give the people here some very interesting matter on the organization and what it is doing.

LOCAL SPORTSMEN ORGANIZE
TO PROTECT FISH AND GAME

At a meeting attended by about sixty sportsmen held at the City Hall last Friday evening a club for the protection of fish and game was organized. The officers were elected as follows:

W. J. Conway, Vice President.
M. J. Cepress, Sec. and Treas.
C. Buell, organizer, representing the Wisconsin Fish and Game Protective Association spoke to the men assembled on what work the other sportsmen's clubs of the state have accomplished and of the need of getting an organized effort back of legislation which will be a benefit to the hunters and fishermen of the state.

Assemblyman Byron Whittingham was also present and spoke on the bills which had been presented in the interests of fish and game conservation and agreed with Mr. Buell that in order to get anything thru the legislature it was necessary to have some backing to show that the bill was of some interest to the sportsmen. He also spoke of the local men in getting any reasonable legislation which they thought beneficial to the sporting interests. Mr. Whittingham stated that the game commission was spending about \$225,000 a year and urged the men to get together and see that this money was spent where it would do the most good.

W. J. Conway explained some of the ways that this appropriation might benefit the local sportsmen and stated the difficulty of getting any legislation thru the commission on any matters thru an individual effort. He expressed his willingness to co-operate with an organized local club, better than the commission brought out by questions asked by several of the sportsmen present the license fund which is paid by sportsmen in this state is being used to keep up the forestry and park department of the state. This will probably be taken up and a remonstrance made against it later on as the sportsmen are apparently no reason why the sportsmen should foot the bill.

Fifty-five members were signed up Friday night by secretary Cepress and there will be a membership campaign carried on in the city during the next week in an effort to increase this to 100 members. The club will have their next meeting at the City Hall on Friday evening of this week when a name will be selected and a constitution adopted. A committee of three will be appointed. Mr. John J. Jeffery and Frank Ticknor are working on the constitution preparatory to presenting it at the next meeting.

NEW LONDON EDISONS WON
FROM COMPANY K QUINCY

In a rather poor exhibition of basketball ball at the Armory Saturday night the Company K team of this city lost to the New London Edisons, the final score being 39 to 19. While the teams were probably the fastest that have been seen in the Armory floor this season the game was not even interesting to the spectators. Players of both sides devoted their energies toward making baskets and the game was a rather rather than a basketball game. The game took on the aspect of a prize ring. Several times the game was stopped by the referee, who was the rough playing would have to cease, however, the referee seemed to have but little influence over the men and no radical change was seen in spite of the warnings.

The New London delegation started out with the scoring, making a field basket in the first few minutes of play. Grand Rapids failed to get a basket until the fourth minute. The New London team was not headed off, however, and with a nice exhibition of field basket shooting they took the lead and were on the verge of a rout. The game was ended with New London well in the lead and as things continued about the same in the latter period as they did in the first, New London led by a two point lead. Flahner was taken out toward the end of the game after getting into a mixup with the referee and W. Smith took his place. E. Smith, bringing down the game and Flahner played the other positions on the team.

As New London had brought over a delegation of over one hundred couters the Company K felt it their duty to offer them some form of entertainment and an orchestra was secured and dancing was indulged in for about an hour after the game.

GAVE INTERESTING TALK

Prof. John A. Scott, of Northwestern University, gave a very interesting address on "The Future of the Near East" at the Congregational church last Sunday evening, the occasion being the regular meeting of the Sunday Evening Club. He stated that the cause of the great World War was a little tract of fertile land known as Mesopotamia, which Germany owned and wanted to get a clear gateway thru Serbia to it. Mr. Scott told his audience how the Germans had first tried to get other countries friendly to Germany to conquer Serbia and thus to insure her entrance to this fertile country, but how in the Balkan wars Serbia had defeated the German proteges and how in one stroke she had herself begun to start the great war. According to Mr. Scott this little country of Mesopotamia has the richest land in the world and produces as high as 200 bushels of wheat to the acre. It will produce more wheat than the rest of the countries combined when the professor's statement, when it is fully developed. A large crowd had turned out to hear the address and Prof. Scott was one of the most interesting speakers who has addressed the Sunday Evening Club.

STUDIES LAW IN PARIS

First Lieutenant Earl Nelson, formerly employed in the law office of D. D. Conway in this city, is studying law in Paris, according to information which he has sent in letters to friends in this city. Mr. Nelson is taking a four months course, and while still in the service, is probably being given the opportunity to keep up his law studies while convalescing. It is stated that he is getting along nicely, having been gassed as well as wounded.

HUNGARY DECLARES WAR ON ENTENTE. JOINS RUSSIANS

Great Army of Reds Said to Be Ready for Battle.

LARGE ESTATES ARE SEIZED

Reports Say Several Regiments of Czechoslovakia, Inspired by Bolshevik Propaganda, Have Mutinied and Joined the Reds.

Vienna, March 24.—The Hungarian government is reported to have signed a proclamation "acknowledging a state of war between Hungary and the entente powers."

The Karolyi cabinet, according to latest word from Budapest, has been succeeded by a new coalition government, which is joining hands with the Russian troops reported to be marching into Hungary.

The entire country has been placed under a state of siege.

All Hungary has turned bolshevik. Communists and extreme socialists dominate the new regime.

A great Russian bolshevik army is reported to be ready between Brody and Stanislau.

Several regiments of Czechoslovakia, inspired by bolshevik propaganda, have mutinied and gone over to the reds. They are now in Hungary.

There is danger, according to dispatches, of the red wave spreading through the ranks of the Czechoslovak army in the north, owing to excessive agitation carried on for months by Lenin and his lieutenants.

Karolyi Stirs Masses.

Count Michael Karolyi, before resigning as premier, which office he has held ever since the overthrow of the Hapsburg monarchy, issued a proclamation urging a "world war of the proletariat for justice," and pleading for support of the Hungarian revolution against the decision of the Paris peace congress to occupy Hungary.

Soviets Pick Chief.

Copenhagen, March 23.—Alexander Gorham has assumed the presidency of the Hungarian revolutionary government of workers, peasants and soldiers' councils, with Bela Kun as foreign commissary and Joseph Pogany as war commissary, according to Budapest dispatches.

It is reported that Kun has applied to Lenin for armed assistance against the allied armies, which have occupied the greater part of Hungary for the purpose of putting down the bolshevik uprising.

The formation of the new Hungarian government followed the resignation of the Karolyi cabinet in the result of the new Hungarian revolution in Hungary and Rumania fixed at Paris.

Rioting Begins.

Rioting throughout Hungary has accompanied the change in government, according to reports reaching here.

In Budapest, which has not as yet been occupied by the allied forces, mobs Saturday stormed the post office and other public buildings and destroyed the monuments erected to Hapsburg heroes.

All Power Is Taken.

A dispatch from Budapest gives the proclamation of the new Hungarian government as follows:

"The proletariat of Hungary from today has taken all power in its own hands. By the decision of the Paris conference to occupy Hungary the provision of revolutionary Hungary becomes utterly intransigent.

"Under these circumstances the sole means open for the Hungarian government is a dictatorship of the proletariat.

Seize All Big Estates.

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils.

"The revolutionary government council will begin forthwith work for the realization of communist socialism.

"The council decrees the socialization of large estates, mines, big industries, banks and transport lines, declares complete solidarity with the Russian soviet government, and offers to contract an armed alliance with the proletariat of Russia."

Appeal to People.

The proclamation by Count Karolyi announcing the resignation of the Hungarian cabinet, of which he was the head, after referring to the decision of the peace conference at Paris to occupy Hungarian territory, says, according to a dispatch from Vienna:

"The entente mission declared that it intends to regard the Hungarian line as the political frontier. The aim of the entente is to make Hungary a jumping-off ground and the region of operations against the Russian soviet army which is fighting on our frontier. The land evacuated by us, however, is to be the prey of the Czech troops by means of whom the Russian soviet army is to be overcome."

"As provisional president of the Hungarian people's republic, I turn, as against the Paris peace conference, to the proletariat of the world for justice and support."

Calls All Neighbors.

Paris, March 24.—The proclamation of the new Hungarian government, which was signed by Count Karolyi, was received here with interest.

Very Old Easter Custom.

Did you know that Easter eggs were eaten by children thousands of years ago during their spring festival? Yes, long before our Easter was a holy day, and their eggs were dyed just as yours are now. Today, far away in Central Asia, about the middle of March the inhabitants there celebrate their New Year, called by them "Easter of Noruz," and eggs are a prominent feature in celebrating the day.

In England, in medieval times, Easter eggs were blessed by the priest before they were eaten by the people, and you can see the importance they placed on eggs by the following blessing which was authorized by Pope Paul V:

"Bless, Lord, we beseech thee, this thy creature of eggs, that it may become a wholesome sustenance to thy faithful servants, eating it in thankfulness of thee, on account of the resurrection of our Lord."

The use of the egg at all spring festivals is much older than Christianity.

Burned Six Years.

In 1912 the pope blessed a candle placed before the altar of St. Blaise. This candle was 203 pounds.

This candle was 11 1/2 feet high, and measured 2 1/2 inches at the base. It was a sacrificial offering to St. Blaise (the healer of throat complaints) by a great Italian singer who, having lost his voice, prayed for recovery to the saint. His prayer was heard, and the candle which could be made, after the candle was blessed by the

of the new Hungarian government invites the workmen and peasants of Bohemia, Rumania, Serbia and Croatia to form an armed alliance against the aristocracy, land owners and dy-nasties. It requests Austria and Germany follow the lead of Hungary in breaking off relations with the Paris peace conference.

They are requested to rally with the Moscow government and constitute a soviet republic and to resist, arms in hand, the "imperialist coalition."

The proclamation says the government will organize an army which will enforce the proletariat's dictates against Hungarian land owners and capitalists, the Rumanian aristocracy and the Czech bourgeoisie.

The document ends by urging each workman and peasant to work in order to produce or to enlist in the army.

Troops Maintain Quiet.

Copenhagen, March 24.—A dispatch from Budapest dated Friday said that at that time order was being maintained by the troops and the National Guard.

The revolutionary government, it was stated, had issued a prohibition against the carrying of arms, making the penalty for disobedience five years' penal servitude and a fine of 50,000 kronen.

Other dispatches announce that order prevails in the country districts around Budapest.

Newspapers in Budapest have ceased publication.

Martial Law Declared.

Amsterdam, March 24.—When the Hungarian cabinet, headed by Count Karolyi, resigned last week, the government party, comprising socialists and communists, proclaimed martial law throughout the entire country, according to a dispatch from Budapest.

Under the title of "Hungarian Socialist party" the socialists and communists have combined and will administer the country.

Blockade Is Suppressed.

Basle, March 24.—The Austrian foreign office has been informed by the Italian armistice commission that the associated powers have decided unanimously to suppress the blockade of Austria and Hungary, says a semi-official dispatch received here from Vienna.

Advices received here from Vienna are to the effect that the council of ministers has decided to seize provisionally for the purposes of state administration the real and personal property of the retaining families in Austria, and also of the archdukes living abroad. The incomes from the real estate received will be paid the owners.

Give Tarnopol to Reds.

London, March 23.—The committee of the Copenhagen correspondent says that, according to a Berlin message to the effect that the Hungarian crisis may affect the whole of Europe. The new government is said to have admitted the Russian Red Army into Tarnopol, near the Galician frontier.

The Berlin correspondent of the Copenhagen Oskeldtende says the decision for the revolution was taken Friday afternoon, when the Hungarian government decided to leave the French, Rumanian and Czech troops to occupy parts of Hungary in order to stem bolshevism.

According to one story the plans were completed by Russian agents, who were in Budapest ostensibly as members of the Russian Red Cross, but who were acting under orders from Moscow.

Lenine the Real Ruler.

The new socialist and communist rulers find the machinery of the soviet government ready, but they only nominally will run the machine, the director being Lenin.

According to the correspondent quoted, it is rumored a number of Czech regiments in the north of Hungary mutinied and joined the reds.

"Under these circumstances the sole means open for the Hungarian government is a dictatorship of the proletariat."

Seize All Big Estates.

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils."

Sinn Feiner Refused Transports.

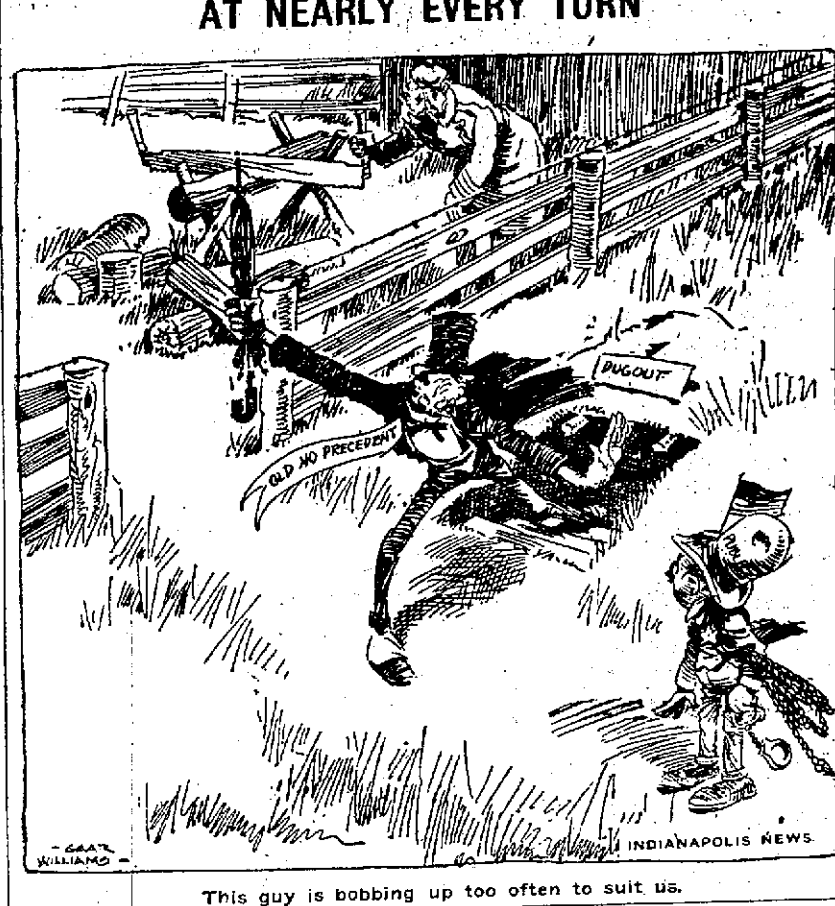

Dublin, March 23.—Father O'Flannagan, vice president of the Sinn Fein society, has been notified that the British foreign office has declined to issue passports for him to proceed to America.

U. S. Warships in Jamaica.

Kingston, Jamaica, March 23.—United States warships Supply, Solace, Palmer, and Albatross arrived here from Guantanamo to take on supplies. Five gunboats also arrived from Guantanamo.

12,000 Slavers in Illinois.

Springfield, Ill., March 24.—Indications are that 12,000 men of war age in Illinois will be classed as delinquents under the draft law, when the task of checking up the list is completed.

EGYPT REVOLT GROWS REDS PUSHED BACK

DANGER REVEALED BY BRITISH SECRETARY OF WAR.

House of Commons Told That Country Appeals to Soldiers to Save Comrades.

Cairo, Egypt, March 26.—Political disturbances in Egypt continue. Nearly all railroad traffic has had to be suspended. Armed mobs have been burning railway stations and tearing up tracks. Ten thousand here, shouting "Vive Wilson," "Vive Egypt."

London, March 26.—Defending the military service bill in the house of commons, Winston Spencer Churchill, secretary for war, declared that the whole of Egypt was in a virtual state of insurrection.

The position was so dangerous, he added, that the government had to appeal to men on the point of demobilization to return and save their comrades from being murdered.

Sydney, Australia, March 26.—The first serious bolshevik outbreak in Australia occurred at Brisbane when a red flag procession of Russians was stopped by the police, resulting in a street battle. The police were called in to clear the streets.

Washington, March 26.—Some means of transferring Liberty bond installment payment accounts of discharged soldiers to banks where subscribers can continue payments in civil life are under discussion between the war department and the treasury.

This action is prompted by the forced cancellation of millions of dollars of subscriptions made by soldiers who on discharge find it impossible to pay the entire balance on their account at once.

Consequently they are compelled to abandon their subscriptions and to accept a refund of the installment payments which already have been taken from their monthly pay.

KEEPS RIGHT TO BAR ORIENTALS

League Pact Amended to Make Clear Power to Control Immigration.

MONROE POLICY IN TREATY

Objections of Senator Lodge to Form of Covenant Considered at Paris—Peace Delegates Hurry to Complete the Work.

Paris, March 27.—An American amendment to protect nations against the influx of foreign labor was adopted by the league of nations commission.

It affirms the right of any country in the league to control such matters as solely within domestic jurisdiction.

President Wilson would have offered the amendment at the meeting of the league of nations commission sooner, but discovered a slight imperfection in the text.

The American peace delegation, it is understood, has definitely agreed upon the amendment it will offer to article X of the covenant of the league of nations to safeguard the Monroe doctrine.

The amendment provides that agreements under the covenant shall not be construed as an infringement upon the principles of international policies heretofore generally recognized.

Article X of the draft of the league of nations covenant reads as follows: "The high contracting parties shall undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all states, members of the league. In case of any such aggression or in case of any threat of danger of such aggression, the executive council shall advise upon the means by which the obligation shall be fulfilled."

During a three-hour session Monday night the league of nations commission, considering proposed amendments to the covenant, disposed tentatively of the first sixteen sections.

A number of changes in form were agreed upon which the members of the commission believe will meet more than 50 per cent of the objections offered by Senator Lodge and other American senators.

All the delegations to the peace conference are very anxious regarding the situation in eastern Europe and are impressed with the necessity of quickly doing something to hasten the return of normal conditions to the rest of Europe.

Mackay Fired by Burleson.

Postmaster General Burleson, President of Postal Co., and Other Officials.

Washington, March 25.—Differences between the management of the Postal Telegraph and Cable company and Postmaster General Burleson, which have been acute ever since the government assumed control of the company, culminated in an order by the postmaster general summarily relieving the chief officers, directors, and owners of the Postal company from all duties in connection with government operation of their system.

In the place of Clarence H. Mackay, president of the company, the order appointed A. F. Adams, president of the Kansas City Home Telephone company and member of the government's general telephone and telegraph operating board, to take over management of the entire Postal system. W. W. Cook, general counsel, and William J. Deegan, secretary, were named with Mr. Mackay in the removal order.

Yanks to Rule Luxemburg.

Territory After April 1 Will Be Under Control of the Third American Army.

Coblenz, Germany, March 26.—Word was received at the headquarters of General Dickman here from general headquarters that the duchy of Luxemburg will be included April 1 in the area under the control of the American Third army, the jurisdiction of which will extend to the French frontier of 1914.

The Sixth Army corps, commanded by Brig. Gen. Adelbert Cronkite, will function in the Luxemburg area with the Fifth and Third (Prairie) divisions, which have been attached to the Second army. General Cronkite is at Luxembourg soon, this city also being the general headquarters of Marshal Foch. The control of this additional territory will give the Third army the Third, Fourth and Sixth corps, with nine divisions.

Germany Gets Herring.

Stockholm, March 23.—Germany is to receive through the Swedish Red Cross, with the consent of the associated powers, 200,000 barrels of salted herring from Sweden. The cargo is already on the way to Germany.

Vernon Castle Estate \$1000.

New York, March 27.—Vernon Castle, a famous dancer, society favorite and actress, left an estate of less than \$1,000, it was announced by counsel for Mrs. Castle. The will leaves all to Mrs. Castle.

Planes Sent for Sea Fight.

St. Johns, N. F., March 25.—The steamer Digby left Liverpool for the port of St. Johns, carrying two airplanes and air force to navigate them on the proposed transatlantic flight. The Digby is expected to arrive here soon.

Loat Car of \$200,000 Silks.

Niagara Falls, Ont., March 25.—Theft of \$200,000 worth of furs and silks from an express car on the way from New York to Toronto was discovered when the car was found looted and with doors open, here.

To Govern Alsace-Lorraine.

Paris, March 24.—Alexandre Millerand, former minister of war, is reported to have been appointed governor of Alsace-Lorraine, an office which was declined by Charles C. Jonnart, former governor general of Algeria.

Norfolk, Va., March 24.—Salvatore Ozina was arrested here and is being held for the immigration authorities. Ozina had been deported from New York as an undesirable citizen, but escaped from an Italian steamer.

ALLIES TO LAND MEN IN DALMATIA

Move to Check Hungarian Soviet Uprising; Allied Missions Seized.

BRITISH SHIPS AT BUDAPEST

Vienna Dispatch Says English Monitor Arrived at Hungarian Capital After Having Been Under Fire on Way Up Danube.

Paris, March 26.—Reports have reached the peace conference that the allied troops will be landed at Spalato, on the Dalmatian coast, because of disorders there and for fear guerilla troubles may arise.

The Hungarians are reported to be trying to spread bolshevism to that part of the Adriatic coast which they controlled before the downfall of Austria.

The Hungarians are credited with aiming to seize the portion of the former Austrian fleet held by the Jugo-Slavs.

A Vienna dispatch says all members of the allied missions in Budapest have been interned, including Colonel Vix, chief of the French mission.

The Russian soviet government, according to the Matin, sent a message to Budapest, stating the new soviet government is determined to obtain the French missions as prisoners, with a view to bringing about the exchange of the mission for a soviet mission which the Russian authorities alleged had been held by the French authorities at Saloniki.

A Vienna dispatch to the Neue Freie Presse says the British-French mission at Budapest, consisting of 216 men, has been disarmed, having become "infected with bolshevism," and adds that activities have occurred in French regiments in Hungarian territory.

Two British monitors are reported to have arrived at Budapest, having been under fire on their way up the Danube. Other British and French vessels are near.

A British patrol boat was seized by the authorities, but was returned with apologies by the government.

The bolshevik army which is on its way to Hungary has reached Brody, 50 miles east of Lemberg, according to the latest news received here.

It is said rumors that Hungary has declared war on Rumania, Czechoslovakia and Jugo-Slavia are extremely doubtful.

Six hundred Hungarians who have been prisoners of war in Russia are said to be returning across the Carpathian mountains, being under the influence of bolshevik doctrine.

Conditions in Hungary seem to have affected German Austria. Advices to the American peace conference delegates from private agents in Vienna indicate a threatening state of affairs there.

One of these agents, who has just come from Vienna, reports the April has been fixed for some time in April for the transfer of the government to the soviet government which will co-operate or merge with the Hungarian soviet.

Paris newspapers print with reserve a German wireless message that Premier Kramarz and other members of the Czechoslovak cabinet have resigned.

Doctor Kramarz, who is in Paris at the present time, declared in an interview in the Matin he knew nothing of such resignations. He had no intention of abandoning his post, he said.

No confirmation has been received of the dispatch from Berlin that President Masaryk of Czechoslovakia had resigned.

Copenhagen, March 26.—A dispatch from Budapest says the soviet government has occupied all theaters and music halls and

MORE MONEY ASKED FOR FEEBLE MINDED

Legislature Urged to Increase Appropriation.

OVER 13,000 CASES IN STATE

Judge Stevens of Madison, in Statement Sent to Solons, Says 6,500 Persons Are in Need of Institutional Care.

Madison—By appeals through letters and petitions the Wisconsin legislature is being called upon this week to increase the appropriation for the care of the feeble-minded so that the multiplying population from this class may be abated. Heading the committee asking for an increase of appropriation is Judge E. Ray Stevens, Madison.

"Everything vital to your interest is being neglected in Wisconsin," says the statement of Judge Stevens sent to the legislative body. "Wisconsin has more than 13,000 feeble-minded. At least 6,500 of these should have institutional care. They are costing the state approximately \$500,000 a year in crime and \$300,000 in pauperism."

"The superintendent of the state home for the feeble-minded has rejected 1,500 of certified individuals because of lack of room. The capacity of the two homes for the feeble-minded, the one at Chippewa Falls and the other at Union Grove, is only 1,200."

"The feeble-minded usually intermarry. They average seven to eight children, while normal families average from three to four. There is no chance for normal offspring from two feeble-minded parents."

"Wisconsin provides adequate institutional care for the feeble-minded. It will continue to be menaced by the rapid increase of feeble-minded persons, with an ever-increasing cost to the state."

"Why hesitate to spend \$125,000 a year to check a menace which is actually costing the state \$800,000 a year? Is this good business?"

The social legislative committee of the Wisconsin state conference of social work is composed of: Judge E. Ray Stevens, circuit court, Madison, chairman; Miss Edith Foster, juvenile protective association, Milwaukee; Judge A. C. Toppman, superior court, Madison; Miss Evelyn Johnson, Wisconsin Anti-Tuberculosis association, Milwaukee; Mrs. L. M. Rosing, central council of social agencies, Milwaukee; Mrs. Edwin Thompson, secretary women's committee state council of defense, La Crosse; Mr. L. M. Prince, state home for dependent children, Sparta; and Mrs. K. L. VanWyck, Associated Charities, Milwaukee.

There was no opposition at the hearing of Senator Albert J. Patten's bill authorizing the commissioner of agriculture to appoint a state humane agent to superintend and assist in the organization of county humane societies. The bill provides an annual appropriation of \$5,000 for the expenses of the department.

Mr. Patten is president of the Fond du Lac County Humane society, declared that the passage of the bill would mean that the finances collected would double if not triple the amount of the appropriation the first year. He said that only 16 of the 71 counties now have humane societies and that there is room for a great deal of missionary work.

Senator Clair of Wausau appeared before the senate reconstruction committee in support of his bill relating to the construction of community houses. He stated, however, that since he had drafted the bill he saw several places where some minor amendments would strengthen it and asked to have the matter laid over until he can prepare the amendments.

The request was granted. Revival of the bill for a four-year medical course in the university is heralded by a bill in the senate which repeals the two-year limitation now imposed, and provides that the course shall embrace such additional branches as the regents may determine. An effort made at the last session to broaden the course was defeated.

The state life fund will be made the medium for soldiers' insurance. It is an amendment to the Maslowski bill to create a corps of state agents and solicitors is approved by the legislature. That the state life fund will be continued was indicated when the assembly refused to pass a bill to abolish it.

Assemblyman Czerwinski offered the amendment for soldiers' insurance. It provides that the agents shall make particular efforts to induce soldiers, sailors and marines who are residents of the state to convert their army insurance into state life policies. The amendment places a \$10,000 limit on policies.

Twilight Hunting Held Illegal. Assemblyman Eber Simpson, Oshkosh, received a letter from D. F. Hous-ton, secretary of agriculture, advising that the department consistently opposes any legislation permitting hunting after sundown. It would interfere seriously with birds reaching their night feeding grounds, he said. "Wild fowl formerly obtained food during the day, but incessant shooting has changed their habits," says Mr. Hous-ton. "A state law permitting hunting of migratory birds after sundown would conflict with federal law."

Hold Wage Raise Constitutional. Legislative employees will receive an increase of pay if the opinion of Attorney General J. J. Blaine has any bearing on the matter. In an opinion rendered to B. A. Kieckhefer, secretary of the board of public affairs, in reference to the Nye bill increasing the pay of legislative employees, the attorney general stated the pay of the employees could be increased without violating any constitutional provisions. Such employees are not under contract with the state, but are considered temporary workers.

Jack of All Trades. Edinburgh once enjoyed the distinction of possessing the most prolific signboard on record: "John Malt, Stationer, Binders, Books, Catechisms, Tracts, Prayer Books, Catechisms, Tracts, Books, new and old, in various branches of literature. Money or exchange for old Books, Papers, Pens, and Ink; Wax and Wafers; Colored Heads, Hair and Hair Pencils; Black-boards, Memorandum Books, Religious Tracts. Books neatly bound, on moderate terms."

Alleges High Interest on Small Loans. That a total of \$5 per cent interest on small loans may now be charged on small loans under the laws of Wisconsin was the assertion made before the assembly committee on insurance and banking by E. D. Maddock, secretary of the Kenosha Associated Charities, while arguing in favor of the P. N. Anderson bill regulating the business of small loan agents. The bill, he declared, was the one worked out and developed by the Russell Sage foundation and had proven a success in every state where it has been tried.

Precautions Against the "Flu." A communication from Dr. C. A. Harper, state health officer, to Chief Clerk Madison of the senate recommending that, on account of influenza overruling in committee rooms must be avoided; also that unnecessary crowding in the galleries and in the senate chamber be prevented. "Either the checker-board system of seating in the committee rooms, the senate lobby and in the senate gallery should be adopted," says the health officer.

Poor Buddyl. Carroll had two pet rabbits of which he was fond, so when one of them was killed by a neighbor's dog he felt bad indeed. Not long after this the other bunny acted droopy and sick. When Carroll noticed that the rabbit was not as usual, he went to his mother and said, "I think the bunny has saddled itself sick."

Daily Thought. A little wild kindles, much puts out the fire.—Herbert.

Kenosha—To provide free treatment or care at low rates in the Kenosha hospital is the latest move of the Kenosha board of health. Plans are being discussed for continuation of the hospital fund, to which all contributed during the war, and use a good portion for working men who need hospital services. Other things, such as stadium seating, 20,000 persons, public bath, community house, public comfort stations were suggested as objects to which this fund should be directed.

Superior—The Tri-State Mutual Fire Insurance Co., was organized at a convention of co-operators from northern Wisconsin, Michigan and Minnesota. The plan is to amalgamate county mutual fire insurance companies and use the present companies as branch societies. The home office is to be in Superior, which is also the home of other co-operative movements operated by the same interests, such as wholesale and retail mercantile business, bank, printing plant and bakery.

La Crosse—Louis Ruel, Milwaukee railroad detective who shot and killed Fred Zunker and John B. Schomaker, is in the county jail awaiting hearing on the charge of first degree murder. District Attorney Lucien T. Reid, after an investigation, called on the sheriff to bring Ruel to the county jail. No attempt at assault was made upon Ruel, according to the sheriff, Bartokov, and Otto Dasse, companions of Zunker and Schomaker, who witnessed the killing.

Eau Claire—After serving the city of Eau Claire for nearly twenty years as city clerk and comptroller, and after being elected by the people and all since 1910 by the city council nineteen times as city clerk, John C. Fennessey filed his resignation with the city council to take effect April 1. Mr. Fennessey retires from the service of the city to accept the position of secretary-treasurer of the International Toy Co., Eau Claire.

La Crosse—The 5-cent street car fare, reduced from 6 cents by the circuit court of Dane county, after two trials, will not go into effect for a month. Judgment will be entered and an injunction prohibiting charging 6 cents will be requested.

Stevens Point—Residents of Stevens Point and other cities of the Wisconsin river valley have begun a movement which they hope will result in the enactment of legislation preventing pollution of the Wisconsin river by industrial waste from paper mills. The conservation commission has promised that by July 1 devices will be installed to prevent the pollution.

Oshkosh—No relatives of Roderick Gaines, resident of the town of Omro, but an inmate of the Winnebago county asylum when he died, have applied for administration of the estate, which amounts to about \$500. County Clerk G. W. Manuel filed a petition asking that E. D. Piny, town chairman, be named administrator that the county may receive the money due for care.

Madison—The state board of health has named John Jepson, proprietor of the Hotel Superior barber shop, Superior, as member of the state board of barber examiners, to succeed A. T. Le Due, Eau Claire, resigned. Other members are: William L. Smith, former Milwaukee assemblyman, and A. N. Boreas, Stevens Point.

Kenosha—Youths with imaginations along bandit and cowboy lines must be careful. In a test case here, it was held that toy guns which imitate the real thing must not be used by children, and that their use will cause arrest and six months in jail. Such toys come under the concealed weapons act.

Eau Claire—Pending a motion for a new trial, George H. Clausen, Pleasant Valley farmer, bound guilty in United States court on four counts of violating the espionage act, was released under \$25,000 bonds. He was charged with denouncing President Wilson and the government.

Kenosha—Joseph W. McCray, 20 Oshkosh student at the University of Wisconsin, died at Madison, due to a clot of blood on the lungs following pneumonia and influenza. He was a graduate of the Oshkosh High and Normal schools.

Stevens Point—More than half the faculty members of the local high school will resign at the close of the school year. Of a force of fifteen instructors seven women and one man will seek teaching positions elsewhere or enter other lines of work.

Oshkosh—School children of Oshkosh collected pennies to buy records for the taking match at the Army and Navy club. When the boxes were opened the total was found to be \$50.48.

Madison—Wisconsin counties paid out \$189,453.19 under the provisions of the mothers' pension act, in the first year of its operation. In 1918, the third year of operation, counties paid out \$402,330.04. The figures are based on reports to the state board of control.

Hawkins—The Ellington Lumber Co., which last week finished its winter logging, hauled over 4,000,000 feet of logs during the season. This will keep the mill busy until late July. The mill is running night and day.

Oconto Falls—By a large majority the people of this village have voted to have the municipality incorporated as a city. It is planned to have three wards. Extensive sewer and street construction work is to be carried out during the coming summer.

Kenosha—At a fiery session of the board of education, an attempt to oust George N. Tremper, principal of the high school, and Mrs. Mary D. Bradford, superintendent of schools, failed. Both will be retained for the coming school year.

Princeton—Will get the date on the Harvard track schedule which here before has been allotted to Cornell. The Ithacans are not on the Crimson slate this year.

Yale Won't Enter Team. Yale decided not to enter the triangular track meet with Harvard and Princeton.

Von Eiling to Coach N. Y. U. Bob Von Eiling, of the Mohawk A. C., has been appointed to coach the New York university track team.

Galt Returns to College. Carter Galt, Yale's star all-around athlete, has returned to college. He will be a football candidate next fall.

Put Baseball Before Track. Trinity college has abandoned track athletics in favor of baseball.

The Harvard vs. Princeton dual track and field meet at Cambridge May 24 will be the first of the sort in more than a generation.

Navy Crew Has Jump. Navy oarsmen will be further advanced in condition than any rival crews when the season opens. The Midshipmen already have taken to the water.

Dempsey an Orator. Jack Dempsey is telling the burlesque fans that he will knock Jess Willard out inside of twenty rounds.

Cross to Coach Maine. The veteran Monte Cross has again been named coach of the University of Maine baseball squad.

Harvard Drops Cornell. Princeton will get the date on the Harvard track schedule which here before has been allotted to Cornell. The Ithacans are not on the Crimson slate this year.

Pennsylvania Has Rowing Hosts. The University of Pennsylvania rowing squad includes 215 candidates, and all but one of last year's successful varsity eight-oared shell crew.

Walter Johnson's record for last season was better than that of any other pitcher in the league. He is about as good as through with baseball as the allies are with Germany.

Tex Rickard says he won't under any conditions act as referee of the Willard-Dempsey fight. He'll do the refereeing on the receipts.

EMPIRE Mechanical Milker

One man, using only one double unit, can milk 20 to 30 cows per hour, besides doing the stripping and carrying the milk. Single Units, each of which will milk 10 to 15 cows per hour, can be had if preferred. One man can operate two or three single units.

Refiners and old cows both like the EMPIRE Milker and take to it quickly. The frequent increase in milk flow proves that.

The illustration shows you the Double Unit outfit in actual operation, except for the small pump and tank which supply the vacuum. Any suitable power will drive the pump.

Hand milking is a hard job in cold weather, in fly time, after a hard day's work or any other time—especially hard when you are short-handed. The EMPIRE Milker takes care of a job nobody likes. Pays you a hand-some profit. Thawing your cows' udders is being milked regularly, quickly and uniformly. The EMPIRE Milker is a machine. Absolutely reliable. Successful everywhere. Guaranteed by the Empire Cream Separator Company. See to it that you get the EMPIRE Milker. It is not reliable if it is not yours.

Mechanical Milking

It takes four men one hour to milk forty cows.

It takes one man one hour to milk forty cows with an EMPIRE MILKER. That represents a saving of six hours each day, or 180 hours per month, or 2160 hours in a year, which at \$10.00 per month means an extra expense of about \$216.00.

The first cost of your milker is returned to you the first year and a profit besides.

Think It Over!

A saving of labor is only a small part of the benefit derived. With an EMPIRE MILKER you get cleaner milk and more of it from each cow, and the period of lactation is prolonged, all of which means dollars to the man using an EMPIRE MILKER.

COUNTY CATTLE TO GET TUBERCULIN TEST FREE

Due to recent legislation it is now possible to have your herd tuberculin tested by the federal veterinarian without any cost to you. This has been brought about through the co-operation of the United States and the state of Wisconsin Veterinary Board. Mr. J. C. Kieffer of Auburnville has already availed himself of this opportunity.

After the second test has been made by the federal veterinarian the herd is placed on the state federal accredited free herd list. Animals may then be shipped out of the state at any time without being tested.

I will have in my office information sheets explaining all about this federal test and also application blanks to be signed by any farmer in Wood county who desires a federal test made. If interested in this proposition let me hear from you.

W. W. Clark,
Emergency Demonstration Agent.

DAIRYMEN ATTENTION

There will be an illustrated lecture with slides of "Jersey Island" and "Her Cattle," at the Palace Theatre on Saturday afternoon, April 5th, at 7:30 p. m. The lecture will be given by Mr. J. C. Kieffer, of Auburnville, who is interested in the matter of other dairymen. The pictures will start at 1:30 in the afternoon and will be absolutely free. Included in these pictures will be the famous "The World's Champion Long Distance Cow," of all breeds.

Don Natwick, who recently returned from overseas and who spent the past two weeks visiting his parents in this city, returned to Chicago Saturday where he will resume the position he held before the war with an advertising concern.

T. C. Thompson sold the Henry Horlick farm in the town of Grand Rapids to Henry Knuth of Waupaca who takes possession at once. The farm consists of 200 acres of land and modern buildings. Mr. Horlick will reside on the east side. Thompson dealt in real estate several years ago, when he was very successful in the Saratoga country, and he has decided to enter the game again.

"Daddy, what is that 'queer-looking crack' in your glasses?"

Observing daughter is not the only one who notices that "queer-looking crack" in Daddy's glasses. Everybody notices it. It makes his appearance; it makes him look old.

KRYPTOK GLASSES
THE INVISIBLE BIFOCALS

Kryptok (pronounced Krip-tok), without that conspicuous age-revealing "crack" or seam, give the convenience of NEAR and FEAR vision in one pair of glasses. There is not the slightest trace of a seam or lump. The two powers (the lower for close work, and the upper for distance) are joined together in one solid, smooth, crystal-clear piece. Notwithstanding the fact that Kryptok look exactly like single-vision glasses, they enable you to see both near and far with equally keen vision. That's why they are known everywhere as the "invisible bifocals."

Call and let us give you further information concerning these universally approved bifocals. I also fit glasses and replace broken lenses of any strength or size at a very low cost from \$2.00 up. Phone 511 and make special appointment or see me at the Optician Station Bank on every Tuesday from 1 to 3 P. M.

I pay highest market prices for Liberty Bonds and Thrift Stamps, Diamonds, 2nd hand Watches, old gold and silver.

Build a Home

The people who today own their own homes have shown their confidence in the community in the past by investing their savings in that community. They are the substantial citizens of the community. The small investments that they began have grown to large and substantial investments, and while they were saving their investments and had them in homes their credit was always good and tided them over whenever difficulty arose. Confidence, one of the essentials of success, comes from the knowledge of ownership of a home.

It is pretty hard to "keep the home fires burning" in a rented house.

TIMES change. And we believe clothes should change with them.

Never was this truer than now.

The New American Figure

The war made over the young men of the country—physically and in their attitude toward things.

The old models, cut on the old civilian proportions, that are dead and gone, won't do. Back, waist, chest—all have taken on new lines.

The old styles haven't got the "spark." They don't interpret the spirit of youth triumphant.

So the designers of KUPPENHEIMER CLOTHES

for Spring forgot the past. They created styles with vim and go and punch; and lines to fit those fine bodies that were the marvel of Europeans.

Just the kind of clothes For the self-reliant young man is looking for—in the wanted fabrics and attractive patterns.

And with it all, that known merit, fine workmanship and sound value that have always distinguished KUPPENHEIMER CLOTHES.

Good clothes always cost a little more. But the greater wear and satisfaction make up the difference many times over.

BOSCHEE'S SYRUP
Why use ordinary cough remedies when Boschee's Syrup has been used so successfully for fifty-one years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles? It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health. Made in America and sold for more than half a century.—Adv.

His Change of Heart.
It seems, after all, that the Kaiser is developing a pretty strong feeling for a most unexpected quarter. Kaiser Harko, a Big Rapids soldier, writes home in a vein suggesting the beginning of a change of attitude on his part which may in time go far:

"In Paris now; great city.
"Met a French maid; great girl.
"Took her in a cafe; great eats.
"Says she likes all Americans who fought in the war.
"Oat bless the Kaiser."—Detroit News.

Lives 200 Years!
For more than 200 years, Haarlem Oil, the famous natural remedy of Holland, has been recognized as an infallible relief from all forms of kidney and bladder disorders. Its very age is proof that it makes unusual merit.

Classifying Him.
The most cutting bit of reproach we remember to have heard in recent weeks, came out at the Willoughby beach picnic of a certain fraternity to which we belong. A very young man and very pretty girl were discussing costumes, horseback riding, golf and fudge. The girl said that she could ride, but preferred the old-fashioned side saddle. She said she thought it more graceful.

"Far, really, Miss Z." insisted the very young man, "do you see anything inherently improper in the divided skirt?"

"Nothing whatever, Mr. Z." answered the very pretty girl, earnestly. "For instance, I think that you might wear one with perfect propriety."—Cleveland Plain Dealer.

The Addition.
"Is it true that Mrs. Hasty's temper broke up the family?"

"Yes, and most of the crockery."

The great trouble is that the people who resolve to do or die don't do either.

For Contagious Abortion

Thorough use of B-K as outlined in our Bulletin 62, "Contagious Abortion," is the most means known of controlling Contagious Abortion, preventing Barrenness, and removing Retained Afterbirth.

Complete irrigation of the uterus and vaginal tract is easy with B-K. B-K kills the infecting germs and foul odors—keeps the uterus and vagina clean—no irritation—no stinging—B-K is much more effective and safer to use than Iodoform, Carbolic Acid, Lugol's solution or any other disinfectant, which do not cleanse the uterus, but make it more acid.

If your dealer does not have B-K, send us his name.

MEDAL WAITS FOR AN UNKNOWN HERO

MAJOR SIBERT SEARCHING FOR CERTAIN STRETCHER BEARER OF 308TH INFANTRY.

STORY OF DESPERATE EXPLOIT

Flame and Gas Officer With Two Volunteers Had Exhilarating Experience Back of Enemy Lines—Gallant Deed of Unknown Man.

By EDWARD B. CLARK.

Washington, D.C., June 15.—Somewhere in the United States, or in France, is a soldier, name unknown, who if he can be found will learn that he has been or is to be recommended for a distinguished service medal for high conduct in face of the enemy.

This unknown soldier in late September last was acting as a stretcher bearer in Company K of the Third Hundred and Eighth United States Infantry, which was a part of the Seventy-seventh United States division.

In Washington today a major of the army, William O. Sibert, of the gas and flame service, is doing what he can to find out who this hero was in order that his name can be put into the proper place on the recommendation for a medal.

Major Sibert went to France with the writer hereof. The major had great luck. Almost immediately he got into the thick of the fight, but later his luck was not so great. For after a hard and heroic exploit he contracted double pneumonia and was invalided back to the United States with a fine record in the field to his credit. Today Sibert is entirely recovered and it is his desire to endeavor to locate the man who on an occasion in the Argonne forest showed himself to be such a gallant American.

Got Behind the German Lines.

On September 26 last Major Sibert, who was the division gas officer of the Seventy-seventh division, went out to the last post at the front and from there volunteered for the service, to locate a certain position. They went over the top and worked their way as well as they could through all kinds of entanglements, artificial and natural. One of Sibert's men became lost, but later found his way to a detachment of engineers. "The major and his two remaining volunteers then struck out straight ahead."

Rejoice that they were well behind the German lines. Instantly three Germans appeared round a corner of a knoll, an officer and two men. They never will appear on earth again. The Americans killed all three.

The Americans then endeavored to make their way back toward their own lines and on the way they picked up some German prisoners. Later they gathered in other prisoners. In every instance the Americans succeeded in getting the drop on the surprised enemy, although before that day's journey was ended the detachment had several severe fights and several close-shave escapes.

Finally the little outfit ran into an American engineer platoon that also had got behind the German lines through some error of direction. The now enlarged detachment was making its way up a hill toward the place where it was thought a French outfit was stationed. It was opened on with heavy fire. The men broke for some dugouts, losing several in dead and wounded.

One of Sibert's original volunteers had a hole in the side of his head and died an hour afterward. Several of the German prisoners were killed by the fire of their own people.

Gallant Deed of the Unknown Man.
Major Sibert called for two volunteers to crawl through to the American lines so that word could be passed to the artillery to get busy on a certain German battery, and also to inform the Americans of the exact position of the little lost contingent.

One of the men who volunteered was one of the three original privates who had volunteered in the first instance to go with Major Sibert on his perilous errand. As will be remembered, one of these three original volunteers got lost on the way and another was killed. This third man made his way through terrific fire back to the American lines and performed successfully his perilous errand.

It is for this man, name unknown, Major Sibert just now is searching. He wants him to get his decoration. Eventually his name probably will be made known and if alive he may get the medal that he deserves, and if dead his parents may be given it in his place.

Army of Ball Players and Fans.

A general officer of the American expeditionary forces spoke one day of our combined units in France as "an army of baseball players."

The general was not far from right. It is probable that every man in our forces on the western front at some time or other in his life had played the great national game. It also is probable that at least three-fourths of the men in the service overseas, and on this side, too, for that matter, regularly had given over their Saturday afternoons and their other times of leisure from work to the sport of baseball.

There were many professional base-

ball players in the ranks of the men abroad. To name only three or four of the better known ones among them, there were Christy Mathewson, Hank Gowdy, Ty Cobb and Eppa Rixey.

When Mathewson, Cobb and Rixey were commissioned as captains in the gas and flame service of the United States there was some criticism of the action. Why, it was asked, should these men be given captaincies when they had had no previous military experience? There was a real reason for the making men of this kind captains of the gas and flame service.

These men were known undoubtedly to every soldier in the American expeditionary forces. A gas officer has services of a peculiar kind to perform. It is necessary for him to have the close attention of his men when they are under instruction and it is necessary also that the instructor should be a man well qualified physically to do things well, and in a hurry, and should so impart the lessons to others that they will be equally capable and alert.

Going to the Front With Rixey.
With Eppa Rixey, the left-handed twirler of the Philadelphia Nationals, I had 24 hours of intimate acquaintance. A man can live a long time in 24 hours when he is on or near the battle front in France. Rixey is a fine type of soldier. He is still in service. One day some time before the armistice went into effect I was in Souilly, just far from Verdun. This place then was the headquarters of General Pershing. From Souilly I went to the front in the gas and flame service. Gen. Joseph T. Dickman, then in command of the First army corps.

At Souilly I was waiting for an opportunity to hop into a motorcar and proceed the 100 miles necessary to be transferred before reaching the First corps headquarters. Along came Captain Rixey in an open motorcar with his bedding roll, his gas mask and his tin hat. He had been ordered to proceed to the far front to act as gas officer of one of the fighting divisions.

This baseball pitcher, who is a nephew of a former surgeon general of the United States navy and a graduate of the University of Virginia, stands about 6 feet 4 inches in his big shoes, and he is big in proportion. It was some time that Eppa Rixey and I undertook that day. It was as cold as France in October knows how to be, as windy as it was cold, and most of the time it was "raining harder than bath."

I came pretty near freezing, because my bones are not clothed with as much flesh as Rixey can boast. Moreover, I am old enough to be his father, and then some. That day he gave me the much as a gas officer after his first day in the service. It was not the fact that I ranked him in the army.

Facts About the New Senate.

The senate of the United States, as it will be constituted in the Sixty-sixth congress, is as follows: President, Woodrow Wilson; Vice President, Thomas R. Marshall; Democratic senators, 47; total 96. It is easily conceivable, therefore, that occasionally, Thomas R. Marshall may have the deciding vote. Republican is absent or elects to vote with the opposition on any particular measure.

One of the seats in the senate is a subject of controversy. It is that of Truman H. Newberry of Michigan, who holds the credentials. His right to the seat is contested by Henry Ford, automobile manufacturer. Newberry has the party advantage, and if things go in a straight party way he probably will hold on to his seat.

The men who will take their seats in the senate for the first time are Byron P. Harrison of Mississippi; Arthur C. Stanley of Kentucky; Arthur C. Capper of Kansas; David I. Walsh of Massachusetts; Walter E. Edge of New Jersey; Henry W. Keyes of New Hampshire; Neddie McCormick of Illinois; Truman H. Newberry of Michigan; and Lawrence C. Phillips of Colorado.

Of the newly elected senators, four were the governors of their respective states at the time of their election. These are Stanley, Capper, Edge and McCormick. Walter E. Edge of New Jersey was a former governor of that state.

Two Move Up From House.
Two senators have just received promotion from the house of representatives. They are Harrison of Mississippi and McCormick of Illinois. Senator-elect H. Heister Ball of Delaware was formerly a member of the house of representatives and at one time was a senator of the United States.

Davis E. Atkins, Republican senator-elect from West Virginia, some years ago was elected to the United States senate to fill 40 days of the unexpired term of a deceased senator. Some of the other senators-elect are not new to Washington life. Take Truman H. Newberry, for instance, who for a long time was assistant secretary of the navy and for a short time its secretary.

Newspaper men are not unknown in the United States senate. Warren G. Harding of Ohio is the proprietor of the Marion Star. George H. Moses of New Hampshire was associated for 19 years with W. E. Chandler on the Concord (N. H.) Monitor. Senator Gilbert M. Hitchcock of Nebraska has his name closely connected with the Omaha World-Herald. Senator Arthur Capper of Kansas has the Topeka Capital and other papers. Harry S. New is an old time newspaper man, as was his father before him, although in recent years he has departed from the "field of laboring." So far as one can learn from the perusal of the senatorial list Robert N. La Follette is the only magazine editor among those present.

Got Fat on Poor Food.
A recruit at one of the southern camps wrote a long letter home, which he started by telling how rotten the food was, and that he didn't get enough to eat. Near the end of the letter, about page fifteen, he told the folks how fat he was getting, having gained ten pounds in about a month.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—

Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Not Us.

An old man, rich in this world's goods, who had accumulated ninety-six years of age to his credit, went to a fortune teller to see what the future held for him.

"Sir," said the soothsayer, as she grasped his palm and looked into his wrinkled mysteries, "I predict for you a long life." Then she added, as he in his exuberance of joy banded her a yellowback of large denomination, "With plenty of money." Now who would believe that each had received the worth of the old man's money?

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is one of the greatest advantages.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-made product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover its comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what remains behind the tresses with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs. Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in tea-spoonful doses.

It is recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Skinner Came Natural.
"Pardon me," said the army cook, for military chefs are prone to address their underlings courteously, "but I prithree tell me where you learned to peel potatoes so artlessly? I observe that you do not really cut off the cuticle in great hunks, as, alas, too many do, but loosen a bit of the skin of the tuber and then deftly strip it all off. You must have had much experience in skinning's ever entering upon a soldier's life?"

"I did, thank you, sir," replied the accomplished member of the kitchen police. "Before I decided to make the world safe for democracy I was a banker."—Kansas City Star.

Just Like a Woman.
A young American soldier, who was married just before sailing, was so fired with patriotism that he was certain he would have an opportunity to do something heroic before the war came to an end. He mentioned this in a letter to wife, and told her he hoped to bring her the Croix de Guerre from France. But the youthful patriot received this reply from his better half: "It's swell, but don't forget to offer to bring me the Croix de Guerre you mentioned, but if it's just the same to you, I'd rather have a hat from Paris!"

War Increases Mental Diseases.
Figures compiled by the New York State Hospital commission show that 3,205 more patients have been admitted to the state hospitals during the forty-four months since war was declared than for the similar period of time prior to the beginning of hostilities, the admissions prior to the war being 23,310, as against 33,515 after the outbreak. The state hospitals are now warding 6,500 more patients than they were built to accommodate.

Catarhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one remedy, Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, which may or may not be painful. Unless the inflammation can be reached and when it is entirely closed, Deafness is the result. Unless the inflammation can be reached and when it is entirely closed, Deafness is the result. Unless the inflammation can be reached and when it is entirely closed, Deafness is the result.

As It is in the City.
Jean was romping with her dog in front of the house under the watchful care of her mother. A woman passing asked her if she knew where a certain woman lived. Jean was overheard to say, "Yes, she lives over there in the third layer."

Important to Mothers.
Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Ayer*. In Use for Over 30 Years. Children Cry for Fletcher's Castoria.

Her Preference.
Stella—Does she want matrimonial bonds?
Beila—No, matrimonial short-term notes.

Life may be a grand, sweet song to some, but it's just plain "jazz" to a lot of us.

WRIGLEYS

All of its goodness sealed in— Protected, preserved. The flavor lasts!

ASK for, and be SURE to get WRIGLEY'S. It's in a sealed package, but look for the name—the Greatest Name in Goody-Land.

Sealed Tight—Kept Right

Hard Lines.
Bobby was good about saving his pennies and buying Thrift stamps all during the war, but with the first 50 cents he accumulated after his better half had been sent to the front, he decided to bring her the Croix de Guerre you mentioned, but if it's just the same to you, I'd rather have a hat from Paris!"

Practical Estimate.
"Did you say Bismarck is a good loser?" "Yes." "Why, even when his luck is worst he never loses more than two or three dollars." "That's what I call a good loser."

Be a patriot! Don't mar the immortal emblem of humanity, the Declaration of Independence.

Stock Raising in Western Canada
is as profitable as Grain Growing

In Western Canada Grain Growing is a profit maker. Raising Cattle, Sheep and Hogs brings certain success. It is easy to prosper where you can raise 20 to 45 bu. of wheat to the acre and buy on easy terms.

Land at \$15 to \$30 Per Acre—Good Grazing Land at Much Less.

Railway and Land Companies offer unusual inducements to prospectors to settle in western Canada and prosper. Loans made for the purchase of stock or other farming requirements can be had at low interest. The governments of the Dominion and Provinces of Canada, Alaska, Yukon and Alberta extend every encouragement to the farmer and ranchman.

You can obtain excellent land at low prices on easy terms, and get high prices for your grain, cattle, sheep and hogs—low transportation on stock, sheep, horses, chickens, and other farm products. Free schools, churches, splendid climate and sure crops.

WAR VETERAN DIES
AT SOLDIERS HOME

Dave C. Woodruff, aged 82 years, one of the pioneer residents of the town of Hansen, died at the Old Soldiers Home at Milwaukee last week after an illness of two or three days, death being caused from a general break down in old age and pneumonia. Mr. Woodruff came to Hansen some twenty-five years ago and settled on a farm. He was one of the reliable and industrious old citizens out there and had a wide circle of friends and acquaintances. He had served with the Union during the Civil war and had generally established a reputation for honesty and integrity. He is survived by his son, Dave of Vesper, Mrs. John Maxwell, Baltimore, Md.; Mrs. Andrew Hannah and Mrs. C. H. Finley of the state of Washington. Entombment was made in Milwaukee.

August F. Perling, aged 90 years, died at the home of his son, Robert, at the South Side Sunday morning. Mr. Perling was born in Germany and spent a greater share of his life there, coming to this country in 1892. Since then he has resided in this city. He was a member of this section and had many old friends here. He is survived by his son, Robert of the South Side, Otto, who is in Germany and Mrs. Lena Auten, born in Sweden. He had lived in Saratoga a number of years and had many friends in this community. The body was shipped to Chicago Wednesday where burial will take place.

John Westenberg, one of the well known farmers of the town of Saratoga died at his home there Sunday morning. Mr. Westenberg was about seventy-five years of age and was born in Sweden. He had lived in Saratoga a number of years and had many friends in this community. The body was shipped to Chicago Wednesday where burial will take place.

LAWRENCE STUDENTS LEAVE

Lawrence College students who have been spending the past week at their homes in this city, returned to Appleton Wednesday, resuming their studies after their spring vacation. The following spent the week at their homes: Helen Houghton, Ruth Wiersch, Delbert Rowland, David Levin and George Corribeau of Grand Rapids and Alleen Noel of Port Edwards.

COLLEGE PRESIDENT TALKED

J. D. Brownell, president of Northland College at Ashland, spoke to the Ladies Association of the Congregational church at the C. F. Kellogg home Wednesday afternoon. Mr. Brownell told of the work the college was doing and how many who otherwise would not be able to secure an education were assisted in making their way.

Miss Fern O'Carin returned Saturday night from Milwaukee where she has been employed at the Auditorium theatre. Miss O'Carin expects to spend about a month at her home here before returning to Milwaukee.

Along the Seneca Road

We understand that Sergeant Hugh Condo has arrived at Camp Grant and expects to be home in a few days. Mrs. Merle Calkins went to Grand Rapids Monday where she will visit a few days with Mrs. Arthur Merwin before returning to Beloit. Mrs. Graham and Miss Myrtle Graham are spending a few weeks at Monte Video, Minn., with Mrs. Graham's daughter, Mrs. W. Speaker. They expect to return home in a short time.

A. Ziegler had the misfortune to be thrown from his wagon while in Grand Rapids Saturday and suffered injuries which necessitated his removal to the hospital. He hopes to be able to return home in a few days.

W. C. Speer moved his household goods on Tuesday from the C. R. R. to his new farm in the south part of town.

M. Murth of Big Flats is moving into the Brewery farm and A. Hagar is going to the house on the C. R. R. Wm. Sprock in the raising of his new barn last Monday. On Wednesday about the same number assisted F. Westfall in the same manner.

RUDOLPH

Mr. and Mrs. Walter Joesten are happy over the arrival of a 10 pound baby boy born early last Wednesday morning.

Mr. and Mrs. Tony Johnson who spent the winter in Grand Rapids have moved back onto their farm.

The E. F. U. will meet Saturday evening and a number are to be initiated.

Bea St. Denis who is employed in Grand Rapids is at home helping her mother this week.

Mr. and Mrs. Peter Akey of Wausau spent the past week with their daughter, Mrs. Doris DeByt. Mr. Akey will return home and Mrs. Akey will spend a few weeks here.

Mrs. K. J. Marceau was a Grand Rapids visitor Monday. Ed. Sharkey and Ernest Rayome of Grand Rapids were up between trains Tuesday evening to see Barney St. Denis.

Barney St. Denis bought the barn and lots owned by W. J. Clark and that extends his property as far east as the grist mill.

Chas. Fox has had a new telephone put in. Gladys Ratelle spent Saturday and Sunday with her sister in Grand Rapids.

On next Sunday thirteen hours of devotion will be held at St. Philomena's church. Rev. Father Corelars of St. Norbert's college, West Deperre, Wis., will assist Rev. Fr. Wagner in hearing confessions all day Saturday.

Election Day was very quiet this year and we hardly knew it without the usual snow and blow.

JOHNSON BUYS SMITH HOME

Nels Johnson, who sold his farm to John Kell of Oshkosh, Wis., purchased the E. C. Smith home on Wylie street, where he will reside. Mr. Johnson had been living on a one hundred acre place about three miles south of Oshkosh. Both deals were made by Chas. B. Boles.

EAST NEW ROME

Mrs. Frank Boushley of Almond is visiting at the Ed. Holtz home.

Mr. and Mrs. Fred Irwin have moved to their farm at Vedum. We wish them success in their new home.

Miss Mary Murray of Oak Ridge visited at the J. R. Potts home last week.

Don't forget the Shadow Social at the Methodist church next Friday night. Ladies bring supper for two. A large number of friends and relatives of Mr. and Mrs. Ervin Holtz gave them a shower at their home last Saturday evening. Owing to the threatening weather a great many were unable to come but those present had a most enjoyable time. The evening was spent in dancing and playing games. At midnight sandwiches and cake were served which the ladies brought with them. The young couple received many useful gifts.

The ladies aid meets this week Thursday with Mrs. I. Jaro.

Paul Dams met with a painful accident on Saturday evening when he was kicked in the stomach by a horse. He was taken to a hospital at Marshfield and we hope for a speedy recovery.

Misses Flossie Wollert of Random Lake and Nettie Glander of Wisconsin Veterans Home spent the latter part of last week at the Ed. Holtz home.

Jim Potts and son, Plummer, of Wild Rose spent a few days of last week at the J. R. Potts home.

A GREAT ECONOMY BECAUSE OF EXTRA WEAR

"After a trip to Kilaua, the active volcano of Hawaii, my Neolin-soled shoes were the only ones not absolutely ruined. Many in our party wore hob-nailed boots," said Mr. Jean P. Lane of Seattle, Washington.

The sharp jagged lava of Kilaua cuts an ordinary sole to pieces quickly. That Neolin Soles stood the test but emphasizes their toughness and durability. These qualities are built into them by a scientific process. Women and men and children, too—who are hard on shoes should buy them with Neolin Soles. They come in many styles, and because of the extra wear they give, are a great economy.

And any repairman will tell you your worn shoes with Neolin Soles, which are flexible and waterproof as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Neolin Soles

PAROLED ALEX RAMBOW

Alex Rambow, a Poy Sippi man, was brought up before Judge Park last week and given a sentence of three years but was paroled. The man was charged with obtaining money under false pretenses and embezzlement, in addition to having stolen his former employers' automobile.

Rambow first got into trouble last December first he took a car belonging to the man he was working for and along with \$200 disappeared. Later he reappeared and was arrested, being released on \$500 bail. While out on bail he misrepresented himself as an agent collecting for a Wautoma man and secured \$189 from a Red Granite man as a payment on an auto.

The young man flitted around from place to place, giving his bondsmen considerable worry, but latter reappearing at Oshkosh, where he was arrested. Any false move in the future will result in his arrest and he will be sent to the state prison without further trial.

ENTERTAINED HER FRIENDS

Miss Leora Porter entertained eight of her young lady friends at her home on Fourth Ave. Sunday evening at a four course dinner party, the occasion being in honor of her birthday. The dinner was very prettily served by the Misses Nina Porter and Helen Gee, who were dressed in little sailor uniforms. The young ladies spent the evening together and report a very pleasant time.

Atty. B. R. Goggins returned from Eau Claire the latter part of the week where he had been called on business during the session of the federal court.

Spring Suits with That Graceful, Stylish Aspect!

Our clothes are designed and built for men whose clothes must be correct.

It is chiefly the tailoring that makes one suit superior to another in appearance—of course color, pattern and quality of fabrics count—but the tailoring is the determining factor.

We offer for

Men and Young Men
a large assortment of finely tailored suits at
Prices \$39.00 down to \$18.00.

There are blue serges, worsted cashmeres in greys, browns, greens, etc., stripes, checks, and mixtures. Reliable fabrics and high grade trimmings, snappy spring styles for young men, in the slash pocket and waist seam models, single or double breasted effects, and conservative models for business wear and elderly men.

Suits that look well, shoulders that fit, collars that hug the neck, fronts that will hold their shape and trousers that hang easily, gracefully and fit comfortably. The lapels, pockets, the button holes—every detail displays thoughtful care applied to their making.

And don't forget that we give a good shirt FREE with every suit purchased before Easter.

Suits that Are Stylish and Moderately Priced!

Every day brings in new models to choose from. The long slender lines, the box coats and the tailored effects give to the new suits elegance and modishness that are accentuated by many novel touches. Notable are the collars, pockets and vestees that predominate the suit styles this season. Materials are tricootines, serges, silvertones and other soft fabrics. Almost unlimited choice is offered, in a broad range of prices,
\$72.50 down to \$22.50

Handsome New Coats

Dolmans and Capes

A distinctive note is struck in the new dolmans and capes which are the season's favorite fashion. The graceful lines upon which they are designed produce a charming effect of slenderness. The lining of silks and silk and cotton mixtures, in pleasing shades, add a pleasing note of color, and their smartness is emphasized by the clever ways in which the trimming is applied. The materials include tricootines, serges, broadcloths, velours, etc. Prices range from
\$52.50 down to \$14.75
